This series of classes will introduce you to the significant and profound energy of Seraph ADALIAN, Guardian of North America. Seraph ADALIAN is one of the Seraphim Angels which are thought of as the highest order of Angels. The Seraphim have historically been the overseers of the greater Universe and are now helping humanity in a more direct way. Seraph ADALIAN is here to assist us individually, our country and the continent during these dynamic times of Ascension.

This information recently came forward in late 2012. Each class is designed to give you a personal experience of a different energy of Seraph ADALIAN Love and Faith plus an Energy Wave of loving and supportive high vibrational energy from this Seraph.

If this is all new to you, don't worry. We will cover some of the basic terms such as Seraph, Seraphim, vibration & frequency, energy fields, and chakras at the beginning of each session.

#2: Healing the Earth and Reawakening the Wisdom of the Land

Strengthen your connection to your inner Wisdom for your personal healing and growth

"You are the Awakened human beings following your soul's purpose of service but more to support the good of all. Great forces are at work and will shine bright to reveal the purpose of this. It does not matter if you fully understand. Trust in your soul's knowledge and ability to participate in this work", Seraph ADALIAN.

Seraph ADALIAN, the Guardian of North America, is able to remove and heal the traumas of our country's early days that we may carry forward in our DNA. The suffering and displacement of the Native Americans will be healed to support Harmony among the many cultures within our country. Reopening of the Wisdom of the Land enables you to more easily connect with your inner Wisdom and Knowing releasing you from painful memories and unlocking your hidden talents and potential. In this class, you will receive the gentle energetic Wave of Love and Faith to "taste" the energy of the Seraph plus a personal crystal infused with this Wave and instructions for your continuing benefit. We will conclude with a guided meditation to send an energetic wave to Mother Earth from the Seraphim. This meditation blends and connects the Seraphim Collective, Archangels and Sacred Geometry creating and sending an energetic wave to Gaia, the soul essence of Mother Earth.

Humanity is on the threshold of great discovery within every person and extending into the Universe. Great discovery requires great choice. Look within for the Wisdom to go forward." Seraph ADALIAN

This interactive class gives you an understanding of how manifesting and co-creating your life can be done joyfully on a much higher vibrational and cosmic level. Co-creating with these permanent frequencies from Seraph ADALIAN allows for greater possibilities and is different from other methods you may have experienced.
